IMPORTANT TO STOCK RAISERS. Rice's Calf Weaner and Sucking-Cow Muzzle.

For Preventing Calves and Cows from Sucking Themselves or Each Other.

Habits most injurious to the animal and costly to the owner. It is no hindrance to either eating or drinking, does the animal no injury, has been thoroughly tested, is used and endorsed by the best stock raisers in the

vention of Cruelty to Animals, and acknowledged by all to be the best thing ever made for the purpose. I have proved your muzzle an excellent invention. Simple, offer ive and bumane. It affords the young call liberty with the dam, while on wilk, which tends to invigorate and ratters exceptle. Also, while in pen with other value, it prevents their sucking each other, causing festered ears; also hair balls, which are often fatal. I shall cortainly recommend them to my customers and stock raisers on the Island.
